RE: Docket No. 2020-43-E – Application of Dominion Energy South Carolina, Incorporated for a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Construction and Operation of the of the Toolebeck - Aiken 230 kV Tie and Segments of the Graniteville #2 - Toolebeck 230 kV and Toolebeck - South Augusta 230 kV Tie, and Associated Facilities.

Dear Ms. Boyd:

By Order No. 2020-440 (“Order”), issued in the above-referenced docket and dated June 23, 2020, the Public Service Commission of South Carolina (“Commission”) granted Dominion Energy South Carolina, Inc. (“DESC”) a Certificate of Environmental Compatibility and Public Convenience and Necessity for the construction and operation of the Toolebeck - Aiken 230 kV Tie, Segments of the Graniteville #2 - Toolebeck 230 kV and Toolebeck - South Augusta 230 kV Tie, and Associated Facilities. In so doing, the Commission ordered, among other things, that DESC “notify the Commission and ORS of the commercial operation of the Toolebeck Lines Project and associated facilities within ten (10) days of such operation.”

By letter dated April 9, 2021, DESC notified the Commission that it has elected to extend the planned commercial operation dates for the Toolebeck - Aiken 230 kV Tie, Segments of the Graniteville #2 - Toolebeck 230 kV and Toolebeck - South Augusta 230 kV Tie, and Associated Facilities from December 31, 2021, to April 1, 2022. By this letter, DESC hereby informs the Commission that the Graniteville #2 – Toolebeck 230 kV Line and Toolebeck – South Augusta 230 kV Tie Line, as well as the Toolebeck Transmission Substation, entered commercial operation on October 19, 2021. Construction of the Toolebeck – Aiken 230 kV Tie Line continues.

By copy of this letter, DESC is also providing ORS with notification of the commercial operation of the Graniteville #2 – Toolebeck 230 kV Line and Toolebeck – South Augusta 230 kV Tie Line, as well as the Toolebeck Transmission Substation.

The Honorable Jocelyn Boyd
